S I R :

This is in response to the Election Requirement stated in the Office Letter dated **January 11, 2006**.

The Examiner requires that the applicants elect a single disclosed species (either the species of Group A (acid-set xerogel, claims 36 and 44) or Group B (alkaline-set xerogel, claims 37 and 45)) for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held allowable. Applicants elect the species of Group A. Currently, claims 23-26, 31-35, 38-43, and 46-56 are generic. Therefore, claims 23-26, 31-36, 38-44, and 46-56 are readable on the species of Group A. This election is made without traverse.

Respectfully submitted,
